# HYPERMAX 4500 BT

Hypermax is a **modern** canister filter that will provide excellent filtration quality even in the largest aquarium tanks. **Intuitiveness, electronic** operation and **safety** of use make the filter suitable for both **experienced and beginners** aquarists. **High quality**, for which products have been famous for nearly 40 years Aqualael brand, guarantees **reliability and durability** of operation.

PUMP CAPACITY

**4500** l/h

2600 l/h with filter media

MEDIA VOLUME

**15,9** l

14,4 l + 1,5 l prefilter

## Filtration

### Crystal clear water

- largest available capacity for filtration media among premium-class filters **15,9 l (14,4 l + 1,5 l prefilter)**
- water circulation throughout the aquarium, no "dead zones" – **2 x IN, 2 x OUT**

### Powerful and energysaving

- the most powerful pump on the market **4500 l/h**
- energy-saving pump **18-36 W**

### Versatile

- designed for small and large aquariums (200 up to 1500 l)

# Control

## BT application

- full control of the filter functions without having to go near the aquarium
- flexible, programmable flow modes, including feeding time
- smart day/night mode
- PIN lock and fault monitoring
- interactive filter performance chart

## Safe

- automatic error signalling – in cases of pump rotor blockage or its absence, a signal is triggered sound and function LEDs they go into a pulsating state
- powered by a safe **24 V voltage**

# Usage

## Discreet

- silent engine operation **24–44 dB**
- automatic venting system

## Convenient to use

- does not require frequent servicing – **integrated pre-filter**
- disconnecting hoses without risk of flooding – **patented double ball valves**
- simple filter activation – **patented self priming system**
- freedom of movement of the device – 4 integrated wheels
- complete set of accessories

Aquarium capacity	200–1500 l
Pump power	18–36 W
Pump capacity	4500 l/h
Maximum lift	2 m
Quiet filter operation	24–44 dB
Filter media capacity	15,9 l (14,4 l + 1,5 l prefilter)
Number of filter cartridge baskets	4 szt. × 3,6 l
Filter cartridges included	1 × 20 ppi sponge, 1 × 30 ppi sponge, 1 × 10 ppi prefilter sponge
Hose length	4 × 1,5 m
Hose diameter	19 / 25 mm
Simple self priming system	YES
Patented double ball valve system	YES
Dimensions with valves (H/W/L)	55.5 × 36 × 36 cm
Casters on the bottom of the unit	4 pcs
Suitable for fresh and salt water	YES
Index	132256
Pallet quantity (pcs.)	18
EAN code
